

Vehicle and Travel Policy – Updated_16.03.2026

WILDTRUST is committed to the prevention of loss of life and property from driving incidents both on and off duty. Subject to the conditions set out below, Trust vehicles shall be used for work purposes only.

1. All drivers must always adhere to the rules of the road without exception (traffic laws). There is zero-tolerance for violating traffic laws. It is specifically recorded that any contraventions of this act, that may result in compromising the Trust in any way, may result in a disciplinary hearing and subsequent dismissal.
2. The Trust maintains accounts with vehicle hire service providers to enable staff to efficiently arrange hired vehicles for work purposes only. A vehicle booking form, through the applicable system, must be completed and submitted to the fleet team 2 to 3 days prior to the pickup date, and only employees that have signed this vehicle and travel policy may drive hired vehicles. Where the responsible driver/s of a hired vehicle is not an employee of the Trust, they must complete and sign the non-staff asset use agreement form as well as the Trust's vehicle and travel policy. Non-staff driving hired vehicles in the Trust name/account is limited to defined individuals such as: Trustees, donors, research students, and does not include service providers or contractors. Any person not included in the above definition shall require a written motivation and approval by the COO and CEO at least one week in advance of the anticipated trip. Adherence to additional prerequisites of the vehicle service provider will be compulsory for all drivers of hired vehicles. Responsible drivers of hired vehicles, either staff or non-staff, are required to operate the hired vehicles with due care and diligence in an appropriate manner, abiding by the vehicle and travel policy. If the responsible driver is found to be at fault for damages and/or loss of the vehicle hired, they will be held responsible and liable for the costs related to the loss or damages. When staff hire vehicles, they must submit the confirmation of the signed vehicle inspection checklists (check-in and check-out forms) from the vehicle service provider, after the hire of the vehicle, to the fleet team to ensure that the Trust is protected against third-party claims, and any incidents with the hired vehicles must be reported according to the internal procedures.
3. Employees who meet the requirements below can be authorized to drive a Trust or hired vehicle on the Trust name:
 - Only employees with an appropriate and valid South African driver's license issued for more than 24 consecutive months is permitted to drive a Trust or hired vehicle.
 - Employees should be above the age of 21 years
 - Clear background check including validation of driver's license
 - Completed drivers' assessment to be conducted by relevant project manager and completed assessment form to be submitted to the Fleet department
 - If the employee is expected to utilise off-road vehicles or drive on uneven or rough terrain, such as beaches etc, the responsible manager must ensure that appropriate external driver training is completed with qualified and professional service providers before the employee commences such work.
4. When requesting a Trust driver tag or to be eligible to drive a hired vehicle, written authorisation from the employee's manager and the manager of the relevant vehicle must be secured and submitted to the fleet

department together with a certified copy of the driver's license and PDP (if appropriate) as well as the signed Vehicle Policy. Managers should ensure that all new employees are above the age of 21 and in possession of a license for more than 2 years, have sufficient and appropriate driving skills and experience, before they are issued with a driver tag and entrusted to utilise the Trust's vehicles or hired vehicles.

5. Regarding disability insurance claims, if a staff member needs to have a valid driver's licence because of their employment, the staff member will not automatically be regarded as disabled if they have lost this licence. The insurance service provider, will only take the loss of licence into account if it is on medical grounds relevant to the staff member's ability to perform their occupation, caused by illness or injury.
6. Approval of travel for work purposes other than the employees travel to their work base using the Trust vehicle or private vehicle, must be approved in advance by their line manager or the appropriate manager that is responsible for the relevant project budget to ensure that no unbudgeted travel expenditure is incurred.
7. All employees eligible to drive Trust vehicles will be issued with a Drivers Tag solely for the use of an individual driver that the tag is assigned to. If any driver tag is given to another person e.g. – if the vehicle is being serviced or repaired, the Fleet department needs to be notified of the vehicle registration number, employee/service provider using the vehicle and the period of use of the alternate tag.
8. All employees receiving a driver tag are required to submit their home address, contact number and area of work. This information will be captured onto the tracking system.
9. The tracking system will inform the fleet manager and/or direct managers prior to the expiry date for the following items: Drivers and PDP License, Vehicle License renewals, Vehicle Services, Renewal of COF. The tracking system will continue to send daily reminders until the updated information is sent to the fleet department for processing.
10. The completed AUDIT sheet signed by the driver and manager (fully completed and including information related to the vehicle's fire extinguisher, first aid kit and, general condition of the vehicle and all other parts of the vehicle) must be submitted to the fleet department by the 5th of each month.
11. Any faults identified during these audits must be immediately reported to the line managers and the fleet department. The manager shall advise the fleet department of the vote number and budget allocation for the relevant repairs to be completed within a month of the identified faults. The fleet department shall guide the manager on the relevant service providers to be engaged, following general and or project specific procurement rules. When vehicles are shared between different drivers, an audit sheet needs to be completed on collection and return of the vehicle between drivers. Should the vehicle fleet team be required to perform vehicle audits and are required to travel to the vehicle site, such costs are to be covered by the respective project.
12. Monthly fuel card and e-tag reconciliations and supporting expense slips must be submitted to the finance/fleet team by the 5th of each month. Electronic submissions will be accepted in order to meet the enforced deadline. Original slips and recons must thereafter be batched and handed over to the finance/ fleet department for audit purposes and safekeeping within the following weeks.
13. Employees shall obtain fuel only for the Trust vehicles using the fuel card dedicated to the specific vehicle. All fuel slips must be reconciled with the fuel card statement on a monthly basis and submitted together with slips and allocated vote numbers as well as the applicable managers' approval. Please attach the slips properly and in date order to ensure all the information is captured correctly. Only legible slips will be accepted, and it is the driver's responsibility to ensure that the fuel slips are stored safely, as faded slips will not be accepted.

14. The Trust has approved and implemented e-tags in all Trust vehicles. This shift has been actioned in order to facilitate the phase out of magnetic strip cards as a method of toll payment at toll booths. These e-tags are vehicle specific and shall not be tampered with or removed from the vehicle for any reason unless stated otherwise by the fleet or finance manager. Failure to comply with this rule may result in disciplinary action against the responsible employee/driver. This clause must be read together with the e-tag information and e-tag user guide.
15. Managers will review and sign off on all fuel card statements and ensure that the relevant driver's names are included so that any missing slips will be deducted from the relevant driver's salary. The responsible driver will be given up to 45 days to secure and submit missing or rejected slips to the fleet department before recoveries will be made from the responsible driver's / employee's salary
16. The Employee must ensure that the Trust vehicle's service record book is appropriately updated at every service and stored safely in the vehicle. The Employee shall be required to keep records of services required for the vehicle and to properly advise his/her manager of the vehicle's needs, including replacement tyres and damage to the vehicle.
17. In the event of an Employee being involved in an accident with the Trust vehicle or hired vehicle, the Employee shall, regardless of the severity of the accident even if the vehicle been driven has sustained no damage, be required to report the accident immediately to the South African Police Services (SAPS) and to obtain a case number and at the same time report the incident/accident to the fleet department. The Employee shall be required to submit a signed Accident Report, including the case number and details of the accident, (including details of any other vehicles involved, witnesses, registration numbers, names, addresses, contact numbers, photographs, etc.), to the fleet department and to his/her manager within 24 hours. If an incident or accident occurs with a hired vehicle regardless of the severity, the occurrence must be reported to the fleet department immediately as well as the vehicle hire company. An internal accident report form must be completed and sent to the fleet department with the hiring companies' confirmation of incident/accident report within 24 hours. When utilizing a hired vehicle, drivers must ensure that checklists are completed before picking up and after dropping off the vehicle. The Trust will not recompense any medical expenses in the event of injuries, and compensation may be claimed from Workman's Compensation or the Road Accident Fund. The Trust reserves the right to recover costs related to negligence, misuse or inappropriate use of Trust or hired vehicles from the employee or driver
18. Any occurrence that does not involve serious damage of property or harm to individuals, whilst operating a Trust or hired vehicle is deemed to be an Incident. The Employee shall be required to submit a signed INCIDENT REPORT, including the case number and details of the incident, (including, if applicable, the other vehicle involved, witnesses, registration numbers, names, addresses, contact numbers, photographs and the like), to his/her manager within 24 hours. The manager is required to sign and submit this report to the fleet department within 24 hours of receiving the report. The Trust will not recompense any medical expenses in the event of injuries, and compensation will be claimed from Workman's Compensation or the Road Accident Fund.
19. In the event that the Employee has been using the Trust's or hired vehicle after hours, on weekends, Public Holidays and without permission, and or negligently then this shall be regarded as an attempt to defraud the Trust and shall be subject to appropriate penalties as deemed necessary by the Trust from time to time which may include the suspension of the use of the vehicle, and, or, disciplinary measures to be imposed shall be at the discretion of the Trust. The Trust reserves the right to recover costs related to negligence, misuse or inappropriate use from the employee or driver.

20. Each vehicle in the Trust's fleet has a roadside assist sticker with a QR code, affixed to the bottom left of the windscreen. The information on this link will guide the employee or driver with necessary steps after an incident / accident or required roadside assistance. The fleet department must be immediately advised of any accident or incident, in order to advise and guide the driver or managers of possible road-side assistance facilities available to the Trust.
21. Trust or hired vehicles may not be driven by any other person besides licensed and authorised employees of the Trust and/or Trustees as approved from time-to-time. Trustees shall follow the same rules as employees and abide by the rules of the vehicle policy. The consequences of a breach of this rule shall be regarded as extremely serious and may result in summary dismissal. A service provider/consultant / partner working on a Trust project must use their own vehicle or hire a vehicle in their personal capacity. Associated costs of such travel will be reimbursed as stipulated in the signed contract between the service provider etc. and the Trust. Proof of mileage travel must be provided with any such claim, e.g. a travel logbook. Any deviation from this policy must be motivated for and approved by the COO and CEO at least one week in advance. The Trust will not be responsible for any damage or separate wear and tear repairs to the service providers etc., own vehicle or hired vehicle.
22. The Trust does not permit the carrying of unauthorised passengers in Trust or hired vehicles this includes employee's family members or friends. All Trust employees are automatically regarded as authorised passengers. Non-Trust employees may only be transported with the signature of an indemnity form and is limited to trustees, donors, visitors, research students and/or other defined individuals, which will be considered upon written motivation by the employee's manager and approval by the COO and CEO. Furthermore, no passengers may be transported on the back of vehicles that are not equipped with a canopy or safety rails and proper seating along with seat belts that meet the requirements of the National Road Traffic Act of 1996. In the event that the Employee breaches this rule, then he/she shall be solely responsible for any liability and costs arising from any accident or incident involving a Trust or hired vehicle and the Trust shall in no way be responsible for any damage or injuries sustained by the unauthorised passenger.
23. Employees are expected to operate the Trust and hired vehicles in a proper and sober manner at all times. In the event of an Employee operating a vehicle whilst under the influence of alcohol or dependency-producing drugs, then the Employee may be summarily dismissed.
24. Employees driving Trust or hired vehicles shall be responsible for all fines arising from the operation of the vehicle and will be recovered or deducted from the employee's salary, unless these arise from a defect within the vehicle itself, provided that each Employee is expected to report such defect to the Employee's manager prior to operating the vehicle.
25. Should the Trust be summoned to Court for any criminal offences ensuing from the operation of the vehicle by the Employee then this in itself shall constitute a serious breach of the Trust's rules, and disciplinary action will be taken against the employee.
26. All Trust vehicles are fitted with a tracking device. In the event of theft from or of a Trust vehicle, and that vehicle not having been locked, then disciplinary action will be taken against the Employee, as this will compromise the Trust's ability to lodge a claim with the relevant insurance company.
27. License discs for Trust vehicles shall be administered by the Trust. It is the responsibility of each and every driver of Trust vehicles to check on the expiration date of that vehicle's license and to ensure that these are received from the vehicle department and properly affixed to the vehicle.
28. Branding on Trust vehicles shall not be removed and if the employee or driver notes branding that is fading, damaged or peeling this must be recorded in the vehicle inspection form and flagged with the vehicle department

29. All Employees or drivers who operate motor vehicles are required to look after their allocated vehicles, keeping them clean, maintaining them and not driving them in an abusive manner.
30. The use of cell phones while driving any vehicle, during the performance of whichever Trust related duty, is prohibited unless a hands-free kit is available.
31. Drivers of vehicles weighing over 3500kg or more, or of a minibus weighing more than 3500kg and designed to carry 12 or more people, including the driver, is required to have a Professional Driving Permit (PDP). It is the responsibility of the driver to timeously renew their PDP. Non-conformance to this policy may result in disciplinary action against the employee.
32. Spare Keys (where appropriate) are to be locked in a KEY SAFE, which is to be purchased and secured in a safe place. Vehicle keys are to be kept in a safe place when not in use.
33. Any employee who has a driver's license revoked or suspended shall immediately notify their manager and the vehicle and HR departments immediately or the next business day and immediately discontinue operation of the Trust's or hired vehicle. Failure to do so may result in disciplinary action, including termination of employment.
34. Drivers must report all ticket violations (speeding, parking, all fines issued by a traffic officer) received during the operation of the Trust's or hired vehicle to the relevant manager and the fleet department within 24 hours.
35. Employees are expected to drive in a safe and responsible manner and to maintain a good driving record. The fleet department is responsible for reviewing records, including accidents, fines, etc., to determine if an employee's driving record indicates a pattern of unsafe or irresponsible driving, and to make a recommendation to Management for further investigations which may lead to a disciplinary. It's the driver's responsibility to ensure that his passengers are secure and seated in the vehicle and all doors/railings are closed properly before driving off. Should any incidents or accidents occur due to the driver's negligence, the driver may be held responsible for related losses.
36. The use of a Trust or hired vehicle while under the influence of intoxicants and other drugs (which could impair driving ability) is forbidden and is sufficient cause for discipline, up to and including termination of employment. It is a condition of employment that employees agree to be 'breathalyzed' to test for evidence of alcohol consumption if so, reasonably requested by a member of Management. The consumption of alcohol, or the use of illegal drugs, on the Trust's premises or property and during the operation of Trust or hired vehicles or equipment, is expressly prohibited, as is the reporting for duty under the apparent influence of such alcohol or illegal drugs.
37. No driver shall operate a Trust or hired vehicle when his/her ability to do so safely has been impaired by illness, fatigue, injury, or prescription medication.
38. Smoking is prohibited in all the enclosed areas within the worksites, without exception. This includes common work areas, conference and meeting rooms, private offices, hallways, the lunchrooms, stairs, restrooms, employer owned or leased vehicles, and all other enclosed facilities.
39. Employees that use their personal vehicles for work purposes must ensure that their vehicles are road worthy and properly maintained. All personal drivers' licenses must be valid, and a copy of the renewed licenses must be submitted to the vehicle and HR departments. Any ticket violations related to employee

personal vehicles (e.g. speeding, parking, all fines issued by a traffic officer) will be for the employee's personal cost. The Trust shall not recompense or be liable for any wear and tear, damages or modifications to employee's personal vehicles. The Trust will not recompense any medical expenses in the event of injuries related to personal vehicles, and compensation may be claimed from Workman's Compensation or the Road Accident Fund.

40. Employees that travel for work purposes using their personal vehicles must record the total mileage travelled for each work trip and the Trust will reimburse the employee for the work trips in the following month on receipt of a travel claim. All travel claims will be captured on the Trust's payroll software. Any vehicle damage incurred during a work trip with a personal vehicle is at the employees cost and the Trust bears no responsibility for these costs. This includes any personal vehicle repairs, modification, and/or other related accessories.
41. Travel Claim forms will require: the date of travel, reason for travel, detailed travelled from and to – use separate lines for each trip as round trips on claim forms will not be accepted, mileage for each work trip undertaken, personal vehicle registration details and the travel claim must be signed by the employee. All travel claimed in a personal vehicle must be verified and authorised by the employee's manager before submission to the vehicle team on the 05th of each month. Claims for travel that has occurred prior to a two-month period may be rejected to ensure accurate reporting and effective management of cash resources.
42. Reimbursement for travel may only be claimed where the staff member is using their own or temporarily borrowed vehicle. Travel claims are not allowed for the hire of vehicles with service providers such as Uber, Bolt, Taxi's or other such service providers, and managers must ensure that no such claims are included in reimbursement requests. Payments for these types of hired vehicles must be made via credit card or petty cash. An invoice will be required to support this expenditure including all necessary info such as: name, surname, contact number etc, in line with all petty cash or credit card use rules.
43. If a work trip made with a Trust vehicle is claimed as travel in a personal vehicle, this will be deemed as fraud and the employee will be subjected to disciplinary action, including termination of employment. Furthermore, in the instance that a travel claim is made for a trip where the staff member was not in the vehicle, this will also be deemed as fraud.
44. The Trust's travel re-imbursement rate per km will be guided by the SARS travel re-imbursement rate which may be amended with due notification to staff.
45. All Trust vehicles are fitted with a Mix Telematics on-board computer that enables the Trust to track the movement of all vehicles. Each driver will be issued with a "Blue Driver Identity Tag" which will allow the employee to start and operate the vehicle.
46. This driver tag will be uniquely coded to identify individual drivers. Drivers must only use the driver tag issued to them and may not swop or borrow another drivers tag. Any driver swapping tags is a serious matter and will be subject to disciplinary action.
47. If an employee loses his/her tag he/she will be liable to pay for a new replacement tag to the value of three hundred Rand which will be deducted from his/her salary. The value of the replacement tag may be adjusted according to increased replacement costs received from the service provider.
48. If an employee leaves employment with the Trust, he/she must return their driver tag to the vehicle team. Failure to do so will result in the cost of the tag being deducted from his/her final salary payment. The Trust

may also recover any missing slips not submitted during the applicable period from his/her final salary payment.

49. Night driving (from 6pm and 6am in winter and between 7pm and 5am in summer) presents unique challenges, increased risks (e.g., hijacking) and numerous deaths and injuries, therefore staff are prohibited from driving at night. Where there is a need to drive at night staff must receive written permission from their managers to do so. In case of emergencies/accidents or incidents that require staff to drive at night, staff are required to immediately notify their managers of such situations to avoid unnecessary risk to staff. Where applicable, staff must also adhere to guidelines pertaining to night driving and specific project requirements, in addition to clause 31 above and any other relevant clauses contained herein.
50. Long distance driving also presents increased risk due to driver fatigue. Employees undertaking long-distance trips for work with either work or hired vehicles must pre-plan appropriately, by authorised driver rotation and/or stopping for appropriate resting time before commencing the journey. This is applicable to all staff and non- staff operating Trust or hired vehicles.
51. With permission from the COO or CEO, where non-staff are permitted to utilise or drive Trust or hired vehicles the following information must be supplied to the vehicle department: -
- a signed non-staff asset use agreement
 - signed the Trust's vehicle and travel policy
 - Copy of ID document;
 - Copy of drivers license;
 - Signed indemnity form;
 - Proof of residence.
52. The Trust has a strong stance on maintaining a safety culture for drivers and adhering to well maintained and road worthy vehicles thus, the fitment and use of on-board capture devices (Dash Cams) has been carried out in all Trust vehicles. The dash cams monitor activities both inside and outside the vehicle's proximity. The dash cams are monitored on a periodic basis by the fleet manager and/or designated other. Recordings of the footage will be stored safely and securely within the cloud and can be shared with the responsible driver if required for appropriate reasons and shall not be shared or accessed by any unauthorised persons. Dash cam recordings are to assist in the Protection and Safety of Persons and Property, Prevention or Detection of Criminal offences, Defence of Legal Claims and Driver Training. Dash cam evidence may be used as part of a driver/employee investigation where, in reasonable belief of management, it is possible that there may have been misconduct or breach of Trust policy by the driver. Where footage is used in disciplinary, the driver/ employee will be permitted to view and respond to the footage. Under appropriate circumstances, during accident investigations and/or other incidences, the footage may be provided to other competent authority with the intention to prosecute for criminal offenses. Responsible drivers/employees are expected not to destroy, dismantling or unplug the dash cam device for any reason whatsoever. Deliberately blocking the view of the dash cam inside or outside of the vehicle with items such as clothing, tape, etc will not be tolerated. Disciplinary action might be taken against any responsible driver and/or employee who is found to deliberately block the dash cam from functioning optimally.
53. When travelling abroad or outside of South Africa, staff are not permitted to drive vehicles in other countries without an appropriate driver's licence/ permit. Staff should use local alternative means of transport where possible when travelling abroad.

Adopted and approved by the CEO on the **16th** day of **March 2026**.
